NEW PREMIER OF ITALY SELECTS STRONG CABINET

Is Comprised of Men Who Were Leaders During the War

(By The Associated Press)

Rome, Oct. 31—Whatever the outcome may be when the new Mussoline cabinet goes before the chamber of deputies, there is a general agreement that the new premier has gathered about him a cabinet exceptionally strong from the nationalist standpoint, comprising men who were leaders of Italy in the great war and the outstanding protagonists for Italy's territorial claims in the peace.

Mussolini brings with his ministry are well defined foreign policy the cornerstone of which is expansion. The Fascisti party, ever since its inception a year ago has always preached the extension of Italy's teritorial claims. When former Premier Giolitti ordered the evacuation of Albania by Italian troops the Fascisti sent up a cry of protest against the veteran statesmen buring him in effigy and hurling stinging epithets.

Mussolini has declared that the Mediterrenean is an Italian lake and he advocates complete control of that waterway by Italy. The claim of Greece for the Dodecanese Island was always bitterly contested in Fascisti councils.

Repudiate All Soviets

Total repudiation of all soviets has been a constant cry among Fascisti. When the Russian commercial mission arrived in Rome in 1921 their rooms were broken into and their luggage ransacked by Fascisti.

The domestic policy the aims of the Fascisti have not been so clearly defined. Indeed it has been constantly maintained by their opponents that they had o domestic policy. One thing has stood pre-eminent in all their domestic actions, namely, their hostility to the extreme Socialists and communists.

They have definitely fought the strike in any form. Wherever and whenever strikes have been declared they have restrained every effort to keep the industry going. Communism has been made almost helpless in Italy by the onslaught of Fascism.

Besides the strength which comes to the government with the appointment of General Diaz and Admiral Thaon Di Revel to cabinet positons there is an accompanying assurance of stability with the other appointment. Professor Einaudi, the minister of the treasury, is distinguished from being one of the foremost Italian economists.

Signor Rossi the minister of industry is a manufacturer and had held cabinet positions previously. He was one of the chief advisers to the Italian government in the Genoa conference.

Aother member who gives considerable weight to the new cabinet is Deputy Guiriati. He was Gabriele d'Annunzio's chief of cabinet during the poet's occupation of Fiume.

U. S. FORMALLY DECLINES TO PARTICIPATE

Notes Delivered to Three Allied Powers Yesterday

(By The Associated Press)

WASHINGTON, Oct. 31.—The American government in notes delivered today to the British, French and Italian embassies here, formally declined to participate in the near east peace conference scheduled to be held in Lausanne, Switzerland next month.

Later the state department made public this government's position on the conference as outlined in the aide memoire, transmitted yesterday to the three governments concerned thru the American embassies at London, Paris and Rome.

Reference to the aide memoirs was made in the formal reply to the allied notes inviting participation but which were not received by the state department until after the aide memoire carrying instructions regarding the American view had been despatched to the American representatives in the three foreign capitals.

The formal replies like the formal invitations were directly worded and explained that the United States would send only observers to the Lausanne meeting and added that the conference to end a war in which the United States was not a belligerent.

CONFEDERATE VETS IN FIGHTING MOOD

(By The Associated Press)

KANSAS CITY, Oct. 31.—The confederate veterans of Missouri adourned their twenty-six annual reunion today without acting on alternative resolutions one condemning and the other approving the recent criticism of Abraham Lincoln as responsible for the Civil War.

In a stormy final session A. A. Pearson of Kansas City, newly elected commander of the organization refused to recognize Judge Joseph D. Showalter of Independence, who was endeavoring to introduce a resolution which he had previously circulated, criticising efforts in the reunion to endorse Lincoln.

A motion to adourn was entertained by the chair and Judge Showalter was drowned out amid a cry of "ayes."

The hasty adjournment also prevented formal action on the resolution proposed by Mr. Pearson condemning the action of the confederate veterans national convention at Richmond, Va., last June in charging Lincoln with responsibility of the Civil War.

MAYOR HYLAN GETS INTO CONTROVERSY

(By The Associated Press)

NEW YORK, Oct. 31.—Mayor Hylan jumped headlong into a controversy with Herbert Drescher, an attorney on the matter of epistolary propriety.

Yesterday Mr. Drescher wrote a letter to the Mayor upbraiding him for sending Mrs. Drescher an election campaign letter ending with "sincerely yours" declaring it was improper in a letter to a stranger.

So the mayor dictated an answer ending it "sincerely yours."

He chided the attorney for his "great legal mind" and ability to pick out technicalities, and among other things said:

"If you had examined the letter carefully you would have noted that it was sent out by a committee and that the salutation was dear fellow citizen."

SEEK TO RELIEVE CAR SHORTAGE IN MID WEST STATES

Frank L. Smith of Commerce Commission Makes Request

(By The Associated Press)

Washington, Oct. 31—In behalf of agricultural shippers in Illinois and midwestern states, the Illinois Public Utilities Commission today asked the interstate Commerce Commission and the American Railroad Association to modify railroad car service orders which have been put into effect in an attempt to relieve the car shortage now prevalent in Western Territory.

Thru Frank L. Smith, chairman of the state commission and W. M. Slater and H. E. Wood, part of its staff, a request was made that eastern railroads be required to supply some of their own cars for use in the west especially in the matter of grain movement. In addition the state commissioners suggested that the Pennsylvania, Baltimore & Ohio and the Big Four among the eastern lines be relieved from the emergency requirement now in force of returning box cars belonging to western roads empty without waiting for loads, on condition that they move grain in them toward the midwest terminals. Commissioner Aitchison, representing the interstate commerce commission, and the car service division of the railroad association took the requests under consideration.

Western roads now have far more of their own freight cars in eastern territory than they have eastern cars on their own lines, according to the figures of the state commission. In addition, it was said that Western Roads have been unable to supply within Illinois as many cars for moving the 1922 crop of grain as they supplied in 1921.

ATTORNEY HEALY TURNS DOWN JOB

(By The Associated Press)

CHICAGO, Oct. 31.—John J. Healy, former state's attorney refused today to act as special state's attorney in the investigation by a special grand jury of school board affairs involving alleged graft. The grand jury had asked Mr. Healy's cervices after the prosecutor in charge of the case had resigned and State's Attorney Crows had asked him to accept. Mr. Healy declared his own personal and professional duties were such that he could not serve.

To the long list of indictments returned by the grand jury in connection with the investigation was added that of Milton Sevringhaus a brother of Albert Sevringhaus, member of the school board already under indictments. The name was included in the list of persons indicted under the general conspiracy indictment returned by the jury yesterday.

The appellate court denied the writ of prohibition asked by counsel for J. Roy Troutman, secretary for Mortimer B. Flynn, coal merchant to prevent Troutman's arrest on a writ of attachment growing out of his failure to answer a grand jury subponae to answer questions in connection with the investigation. Troutman first got into trouble when he refused to tell the jury where some of Flynn's records were to be found.

HI Y CLUB MET AT BROOKLYN CHURCH

The Hi Y club met Tuesday evening at the Brooklyn church, supper being served at 5:45 by the ladies of the church under the chairmanship of Mrs. John Kastrup.

Owing to Hallowe'en, the attendance was not up to standard. There were fifty-three boys present to enjoy the fine supper and the program which followed. Reports on the assigned topic and a short talk by Mr. Findley were followed by early adjournment in order not to interfere with the celebration of the evening.

QUESTION RIGHT TO USE TITLE

(By The Associated Press)

DOORN, Oct. 31—The question has been raised in the Belgian chamber whether the Dutch authorities were cognizant of the fact that former Emperor William of Germany in an official document was permitted to assume titles he no longer possessed.

Reference was made especially to the registrar's announcement of the approaching marriage of the former monarch, which when posted read:

"His Maesty Fridrich Wilhelm Albert, emperor; and King Wilhelm II, no profession, domiciled in Doorn has given notice of his intended marriage to Her Siren Higness Hermine. * * *

The burgomaster of Doorn meets the objection by stating that William is described by right of birth as emperor and king, but that he is no longer emperor or king of Prussia. Moreover, the burgomaster contends, it is outside his province to test the accuracy of the descriptions which intending bridegrooms care to make.

THREE DEAD, FIVE ARE INJURED IN TRAIN COLLISION

Passenger Crashes Into the Wortham Carnival Company Show Train

(By The Associated Press)

NEW ORLEANS, La., Oct. 31.—Three persons were killed and five others were seriously injured today when a Southern Pacific passenger train crashed into the rear of a special train carrying C. A. Wortham Shows, at Adeline, La., about nine miles east of Franklin.

The dead:

William G. Jones and Homer V. Jones, brothers, of San Antonio, Texas.

R. L. Metcalf, Louisville, Ky.

Mrs. William G. Jones was among the injured.

All of the killed and injured were members of the Wortham shows.

Several other persons on the show train received minor bruises and scratches.

None of the crews of the two trains was injured.

Both trains were west bound. One of the passenger coaches used on the rear of the show train as a caboose and four others as sleeping quarters were reduced to kindling wood. The locomotive of the passenger train buried itself in the rear coach causing the four cars in front of it to telescope. According to testimony at a coroner's inquest today the show train was backing into a siding at Adeline when the accident occurred. The bodies of the three dead were sent to their homes tonight from Franklin. The injured are being treated at Patterson, La., where they were taken following the accident.

The show train was on its way from New Orleans to New Iberia, where the show was scheduled for today.

CHARGES AGAINST OFFICIALS MUST BE WITHDRAWN

Must be Done Before Newcastle Consulate is Reopened

(By The Associated Press)

WASHINGTON, Oct. 31.—The United States government has decided definitely not to reopen the American consulate at Newcastle, England, until the British government has unconditionally withdrawn the charges it made against Consul Slater and Vice Consul Brooks, and publicly exonerated the two officials.

The British foreign office has been made aware of tnis determination it was learned today, reached after exhaustive investigation of the situation at Newcastle which disclosed no foundations whateevr in the opinion of American officials to support charges which led the British authorities last August to cancel the exequatures of Slater and Brooks.

Action of the British government in cancelling the exequatures was followed by the closing of the consulate and three separate investigations by the Washington government in charges that Slater and Brooks used their official positions in Newcastle improperly in discrimination of British shipping interests and to the advantage of American steamship lines. The first two were made respectively by the American embassy in London and Consul General Skinner. These reports agreed that no substantiation of the charge against Slater and Brooks could be obtained altho British officials had been asked to present of all evidence in their possessions.

GRAIN FUTURES LAW EFFECTIVE

(By The Associated Press)

Engorcement of the law will be taken up by the grain futures law administration tomorrow except where restraining orders have been granted by federal courts, Chester Morrill, in charge of the grain futures law administration announced today.

Hearing on the action brought at Kansas City will be held Nov. 8 and on that brought by the Chicago board of trade on November 13. On those two markets the law will be held in abeyance pending decisions.

FIND BLOODSTAINS ON BURNS AUTO

(By The Associated Press)

CLEVELAND, O., Oct. 31.—Following the finding of more than one hundred bloodstains on the car of Henry J. Burns, whose wife's mutilated body was found buried in a shallow grave near Painesville last Wednesday, Sheriff Spink of Lake county announced tonight he had discovered another important link of evidence which he declared may prove "very important" to authorities working on the case.

Joseph Lennon of near Painesville, brought to the sheriff today a sheet of paper apparently torn from a time book stained with well defined bloody finger prints and bearing several names which he said he found near the scene of the murder Sunday. On the paper, Sheriff Spink said, were three full names, one address and five first names followed by inition letters of surnames.

Spink and his deputies said they were developing it from three angles. In the hope of identifying the finger prints; identifying the handwriting and locating the persons whose names are on the paper for their possible assistance in shedding light on the identity of the murderer and the motive.

Burns is now held in jail at Painesville, charged with the first degree murder of his wife, but steadfastly maintains innocence of the crime.

PHYSICIAN DEFINES "THAT TIRED FEELING"

(By The Associated Press)

PEORIA, Ill. Oct. 31—Advancing a new theory, contrary to most previous beliefs concerning chronic fatigue, Dr. Edward H. Ochsner, Chicago, president-elect of the Illinois State Medical Society in an address before 1,000 doctors at the Tri-Medical association convention tonight defined the "tired business man" as suffering from an "accumulatio of fatigue material or toxin."

"The disease," he said, "is a condition particularly liable to affect hard working, successful business men at an age just when they are most needed in a growing business. The sloven, the laggard, the phlegmatic and the weak willed are rarely affected. Rest, while important, serves only to check the accumulation of fatigue. iWth the technical method derived, it would be a simple process for competent physicians to sen men and women bask to work rehabilitated."

An important surgical discovery was introduced in an address by Dr. John T. Finney, head of thed epartment of surgery of John Hopkins University, Baltimore. The new theory involved a new method of conecting the intestine to the stomach in an operation for an ulcer of that organ.

The next convention will be in Des Moines.

HUNTER HAS HARD EXPERIENCE IN WOODS

(By The Associated Press)

FORT WILLIAM, Ont., Oct. 31.—The engineer of a slow freight today saw a man, standing on the tracks waving a red bandana. He stopped. The man collapsed.

The stranger, suffering from a high fever was taken aboard the freight, dropped at Amyot and taken to a hospital. This was his story, gleaned from his ravings:

He was William Anderson and he lived in Amyot. Out hunting on Birch Lake, he accidentally shot himself in the leg two days ago. The bone was shattered. With one paddle he made a splint. His shirt he used as a bandage. His necktie served as a tourniquet.

Patching himself up, he took his other paddle for a crutch and began dragging and pushing himself along thru two miles of brush to the railroad tracks. It was slow work and bitter cold. He moved only a few yards an hour, but he kept on.

He reached the tracks yesterday. For twenty four hours he waited without food or water for a train.

He may recover.

IRREGULARS CLASH WITH NATIONAL TROOP

(By The Associated Press)

DUBLIN, Oct. 31.—A fierce fight took place today at Clifden, 45 miles northwest of Galway, between national soldiers and a force of irregulars. Eighty nationals were captured with rifles and ammunition after a ten hour battle. One of their barracks was burned to the ground and another was blown up by a mine.

In southern Ireland the campaign of destruction continues. The railway station at Mallow, one of the most important centers of the great Souther nand Western System, was set on fire during the night and is now a mass of ruins.

Mr. Norris has the high opinion of those who know him intimately and can be trusted to conscientiously fill the office if elected.

Judge H. P. Samuell has given much time and attention to the juvenile problems of our Community. His work in the welfare problems of the boy and girl, his efforts to mould a good future for them, thereby making this a better Community in which to live has not only been a valuable contribution to citizenship, but has brought him into considerable prominence outside this county. His interest in this line of work has not been at the expense of the other and multitudious duties of his office for he has shown marked ability as a judicial officer.

BREAD LINE

(NEA)

How far are you removed from the bread-line? If you lost your job and your income were entirely cut off, how many years, months or weeks would it be before you had to seek charity??

The Morris Plan Banks are making loans to about 2,000,000 people a year. At the annual convention of the heads of these banks, they tell two interesting things about people who come to them for money:

First: The average loan is $186, tho some loans run as high as $5000, as low as $50.

Second: Three-fourths of the borrowers have no property, are unable to furnish security. They have to get responsible people to "go good" for them by endorsement.

From people who borrow small sums from banks, we pass to another class. You meet them right along—trying to raise money among their friends.

Every office or shop of any size has at least one person who is always a certain amount of money behind the game. It may be 50 cents or $5 or some other sum.

A certain fellow seems to be always borrowing $5. He pays it back and soon borrows it again—from the same source or some one else. Often he has a route that he works, in a circle, like the gent who used to do a lot of walking in accumulating his jag.

This fellow is chronically $5 behind the game—just that much removed from the breadline. One of the great financial mysteries is why he doesn't manage to get $5 ahead of the game, so he can borrow from himself instead of his friends.

Borrowing small sums of cups of flour becomes a habit.

Housewives have noticed that certain neighbors are eternally borrowing the same things, time after time.

Borrowing started back in the days when an improvident cave man saw his neighbor bring in a catch of fish or a "bag" of wild birds or animals. You can picture the improvident man rushing to the hard-working hunter with this proposition: "Lend me a bird or a carcass and I'll pay you back when I kill some."

A certain number of unfortunates are driven to borowing from their friends, by sheer bad luck. The chronic borrower, however, is usually a plain old-fashioned specimen of what the country town people call shiftlessness.

For County Commissioner

--Vote For—

William M. Cleary

Born and raised on a Morgan county farm where his entire life has been spent.

A man of sound mature judgment who has made a success of his business affairs.

A friend of good roads and a man whose opinion on road matters is considered worth having.

A man who will look after the interests of the taxpayers and guard them as he would his own private business.

Many good citizens, regardless of party affiliation, realizing the desirability of having both political parties represented on the Board of County Commissioners, are going to vote for William M. Cleary at the November election. He will appreciate your support, and if elected he will give you good service.

BERTON BRALEY'S DAILY POEM

The Problem

By Berton Braley

GILLETTE and Durham-Duplex, Gem,
And Ever-Ready, all are fine;
We slip their meed of praise to them,
They work according to design.
They shave the young, they shave the old,
They mow thick beards of many shades;
But here's the thing we would be told,
Where are we gonna put the blades?

NOT in the ash-can may they go,
Nor in the garbage, nor the street,
Where motors ramble to and fro,
And people tread with hurrying feet;
They will not burn, they won't decay
Until the sun in heaven fades,
And so they pile up, day by day;
Say, where we gonna put the blades?

YOU cannot keep them safely hid
In any chest, on any shelf,
But what some energetic kid
Will find them there and cut himself.
Dropped in the sea, the surging tide
Bears them where same blithe bather wades;
The world, it's true, is very wide,
But where we gonna put those blades?

OH, Einstein, use your master mind,
Call in your scholars and your aids,
And solve this problem of our kind,
Where shall we put our razor blades?

G. O. P. WORKERS HELD PRE-ELECTION MEET

Noonday Luncheon Followed By Informal Conference — Group of Brief Addresses Made

The county Republican central committee and members of the Woman Auxiliary organization met at a luncheon Tuesday noon at the Peacock Inn. This conference was arranged especially with reference to the coming campaign. Members of the company were all present as the guests of State Auditor Andrew Russel.

After the serving of an excellent luncheon, C. F. Wemple as chairman of the county Republican central committee presided. Among those who spoke were Mrs Grant Graff, chairman of the Woman's organization; Mrs. John J. Reeve, district chairman; Congressman Guy L. Shaw, Judge M. T. Layman; Mrs. Edward Mallory, S. E. Moore, candidate for the legislature, Earl B. Searcy, candidate for the senate; Horace H. Bancroft and Mrs. Ila Irvine Emmott, director of the women's division of the National Republican congressional committee.

In addition, all the county candidates were introduced, Judge Paul Samuell, George L. Riggs, Harry Norris, G. A. Dunlap, J. Chester Colton and Charles S. Black.

Judge Samuell spoke very briefly on behalf of all the candidates. The addresses were all in hopeful vein, the speakers taking an optimistic view of the coming election and urging those present to work for votes for the whole ticket.

Congressman Shaw said that during his term in congress he had worked with the farm bloc, seeking to aid all measures for the benefit of farmers, and that he had also made every possible effort for legislation to make conditions better along Illinois river.

He expressed the hope he would have the opportunity of making an extended address here in Jacksonville before the close of the campaign.

Judge Layman and Mr. Bancroft both lauded the record of the Republican party and said that the faith of the country could be pinned to the G. O. P. only.

Mrs. Emmott has been speaking in various cities thru the east in Ohio and for the last two weeks in Illinois. Mrs. Emmott laid special emphasis upon the good work of Congressman Shaw and said that everywhere in the 20th district she was finding wonderful enthusiasm and admiration for his record. She urged upon voters the advantage and necessity of doing special work for Congressman Shaw, with the expectation that if this old stronghold of Democracy, this 20th district, goes Republican again that it can rightly be accounted as fixed in the Republican column.

DEEP WELL REACHES FIRST OIL SAND

Drilling Will Be Resumed Today After Several Days Delay—Scouts For Oil Companies Will Come Soon.

The drill in the deep well test being made on the Cleary farm by Mr. Rhodes for a group of Morgan county citizens is now down to a depth of 280 feet. Work was stopped Saturday because the tool was lost in the well. It was "fished" out but it was necessary to send it to another city for repairs. It will be returned this morning and drilling will be resumed.

Mr. Rhodes said yesterday that oil was struck at a depth of about 280 feet. The showing indicates a four barrel well at that depth. On the basis of drilling already made, Mr. Rhodes believes that the depth of 650 feet in this well will strike the top of the Niagara limestone. He is expecting to strike oil there but additional depth may be necessary.

The deepest well ever drilled in the area where development is now being made was 487 feet, so that operations will take on increasing interest after the 487 foot mark. Samples of the drilling up to that point have been sent to the geological department of the state and thus made a matter of general record.

At the time the drill reaches the 487 foot depth oil men from various localities are expected to be present and watch the developments.

Asked as to his opinion of the Irwin gas well, Mr. Rhodes said that he had never seen a well of as large a capacity from such a depth. He considers it a real find and said that four wells of this size would be sufficient to furnish gas both to Springfield and Jacksonville on the present basis of consumption.

The showing is the more remarkable when it is remembered that the drill has only penetrated the sand to a depth of two feet and there is no knowing what may be developed as the drill goes on thru this sand stratum.

MURRAYVILLE DOMESTIC SCIENCE CLUB MEETS

Mrs. William White very pleasantly entertained the Murrayville Domestic Science Club at her home north of Murrayville Tuesday afternoon. The club meeting was opened by repeating the club prayer, followed by a short business session. The roll call was answered by "How I Earned My First Money." Interesting answers were given.

The first paper, "What is Wrong with Our Schools," was read by Mrs. S. F. Sooy. She gave an excellent paper stating that the school laws were all right but it depended upon the schools, school board and patrons to put the laws into effect.

The second paper on "What a Home is and How to Make It" was given by Mrs. L. C. Collins. Mrs. Collins gave an excellent paper and after listening to her beautiful theme of the poem of Edgar Guest, "It Takes a Heap o' Living to Make a Home a Home." There were thirteen members present, incldng one guest, Miss Laura Collins, a missionary from Africa, who is visiting her brother, L. C. Collins.

The hostesses served delicious refreshments consisting of pineappl sundae and angel food cake. The next meeting will be held with Mrs. William Wade on November 15th.

HUMANE SOCIETY ADOPTS NEW POLICY

Will Keep Hands Off in Affairs Foreign to Constitution.

CHICAGO — Concentration in the work which properly belongs to them and a "hands off' policy in afairs foreign to their constitution, is suggested by Chicago headquarters of the American Humane Association to member societies in carrying on and financing their activities.

"There are so many way of doing good work that is needed that society members should not go out of their circle of activity," an official's statement declares.

"Out on the Pacfic coast one woman gave a card party at her home. The society received $137 as the result. Another woman became interested in a fund for a crippled whose family was in great need. She set to work, her friends became interested and the result was a party at her home which netted $87.

"Some children gave a little circus in an old barn. They carried it thru so successfully that $7.60 went to the Animal Rescue league and a whole lot of enthusiasm was created.

"During the war an old horse paraded on the streets of New York brought in a large sum of money. A dog in the same city was the means of raising a substantial sum. Omaha raised a large amount of money towards its new $70,000 shelter by the sale of pencils.

"Money may be raised by the conventional dog shows, mutt shows, moving pictures, parades, field parties, all kinds of social entertainments, by competitions —but the great thing is to set to work and to keep at work."

As one of the cases wherein a member should not interfere, this officer cited the case where a "woman, with more zeal than knowledge, called a police officer and had a man arrested on a cruelty charge when his horse happened to be blemished with a deformity which was painless."

LITTLE PROSPECT OF GRAIN FROM RUSSIA

London — "Exportation of grain from Russia this year is in the highest degree unlikely," says Dr. Lincoln Hutchinson of Berkeley, Cal., special agricultural investigated for the American Relief Administration who has just returned to London from Moscow.

It was on Dr. Hutchinson's investigations of last winter that the A. R. A. based its relief measures for the Ukraine and Trans-Caucasia, and he has recently been making trips through the Valga Valley and the Ukraine with the object of assessing the present harvest.

In spite of an adequate crop for the whole country there will be localized shortage areas in both the Volga Valley and the Ukraine, Dr. Hutchinson declares. Whether these areas will be supplied by those with surplus crops depends on the system of distribution.

Dr. Hutchinson says there is no danger of a repetition in Russia of the famine of last year.

FEDERAL LAND BANKS EXTENDED TO PORTO RICO

San Juan, P. R.—By the A. P. —Extension to Porto Rico of the Federal Land Bank, authorized by Congress almost two years ago, has been accomplished by the opening in San Juan of a branch of the Baltimore Lane Bank, after seevral months of preparation, with Ernest H. Thomas, of Rushville, Ind., in charge.

Slight modifications in the law to make it applicable to Porto Rico have been made, and already there are many indications that the small farmers of the island are preparing to avail themselves of the long-time loans offered by the bank. The maximum amount that may be borrowed here is $5,000, just half the maximum in the United States, but inquiries indicate that the average application for loans will not exceed $2,000. The interest rate fixed for the island is six per cent. At a recent meeting of farmers a speaker asked those who were paying two per cent per month to hold up their hands and the number of hands raised was large.

Representatives authorized to accept applications for loans have been named in the seven towns of the island where there are registries of property.

ILLINOIS AGRICULTURAL ASSOCIATION TO MEET

Chicago.—The annual meeting of the Illinois Agricultural association is to be held at Chicago, January 17 and 18, 1923, according to a decision of the executive committee of the farmers' statewide organization.

Last year's convention was held at Springfield and attended by twelve hundred farmers representing the 94 county farm bureaus of the state.

It is customary at the annual meeting of the farmers' organization to outline as completely as possible the policies to be pursued during the coming year, as well as to recount what has been done. The largest attendance of any convention ever held by the Illinois Agricultural association is expected at the Chicago meeting.

V. F. W. NEWS SERVICE.

Cincinnati, Ohio—A corps of pretty girls and active woman workers in each city and town in the United States will distribute forget-me-nots to the general public on national "Forget-Me-Not Day," Saturday, November 4, according to Raymond A.Lasance, national adjutant of the Disabled American Veterans of the world war, which is sponsoring the 'Day." The receipts are to be used for the general relief and welfare of the 300,000 wounded and disabled American veterans of the nation.

Already many cities are striving to outdo one another in securing the greatest number of lady workers possible, to assure the succes of the day dedicated to America's disabled veterans of the great war. Young ladies from sororities, fraternal organizations, high schools and colleges, stores and clubs, are enrolling for active duty on 'Forget-Me-Not Day." Mothers of the world war veterans, Gold Star mothers former women war workers, who gave many hours daily during the war, to provide for the comfort of the fighting men of the nation, are now enlisting in the great movement that is to be carried into a national "Offensive" on Saturday, November 4, when the entire country will wear the forget-me-not, symbol of America's appreciation of the sacrifice made by the boys who were wounded and disabled in action during the warld war.

Citizen's committees and disabled American veterans' chapters are receiving daily, in every city of the nation, the pledges of active support and perosnal cooperation, on "Forget-Me-Not Day," from the girls and women of their respective communities. A great movement of devotion and loyalty has sprung into being, with the coming of "Forget-Me-Not Day," which presents to the women of the United States another opportunity for service, with the nation's disabled American veterans as beneficiaries of such assistance.

The Veterans of Foreign Wars of the United States are co-operating in every way possible with the Disabled American Veterans of the World War in making "Forget-Me-Not Day" a success thruout the United States.

New York, N. Y.—Metropolitan posts of the Veterans of Foreign Wars will conduct a joint Armistice Day celebration, the feature of which will be visits to every cemetery near the city where their comrades are buried. The details for observance of the day have not been announced as yet but it is understood that a monster Americanization parade will be one of the features.

Washington, D. C.—According to a recent announcement by Edwin S. Betteheim, Jr., chairman of the Veterans of Foreign Wars national legislative committee there is a gratifying amount of interest in pension legislation in official circles in Washington. "There is no doubt," Bettelheim says, "but this interest is due to the activity of veterans of the world war. While a surprising amount of legislation affects men who served in other campaigns it has been made possible by the activity of men from the last war. Congress realizes, now more than ever, the importance of these matters."

TIN SOLDIERS NO LONGER POPULAR TOYS

Nuernberg—Disarmament has hit the ranks of Germany's little tin soldiers, as well as her real army. This branch of the toy industry, formerly centering here, has experienced a noticeable falling off since the war. The decline is attributed to various reasons, chief of which are the high costs of materials, general aversion to things military, and also a conviction in some quarters of domestic policies that tin soldiers are not suitable playthings for children living in a socialistic republic.

J. E. LaBonde of the Veteran's Bureau branch office in Springfield was in the city yesterday conferring with ex-service men.

Mrs. Howard Rawlings of Woodson spent the day in the city yesterday visiting with friends.

ENTERTAINMENT AT PAROCHIAL SCHOOL

Dramatic productions written and acted by eighth grade boys and girls served as entertainment for the pupils of other grades and for the parents and friends of the parochiel school Tuesday afternoon at Liberty hall.

"A Hallowe'en party" and "Hallowe'en Frolic" were the titles of the playlets, for which Hallowe'en settings and costumes were provided. Sister Antoinette, who superintended the work of production, says that the youngsters took most of the burden of "making it go" upon themselves.

The girls who took part in the party playlet are Frances O'Donnell, Frances Schumn, Ethel Wagner, Mary Alice Potter, Rhoda Olds, Ada Hodson, Garnita Hodson, Margaret Henry, Bernice Mayfield, Elizabeth McLean, Beata Armstrong, Agnes Clark, Marie McSherry, Helen German, Helen Steer, Elsie Bach, Catherine Clancy, Margaret Earley, Margaret Little and Florence Arpe.

Leo Hamilton, Alfred Berkery, John Ramage, Gregory Guinane, Raymond Schanle, Arthur McAyitt, Charles Tonn, Hubert and Walter Craddock, Edward Sehey, Herman McGinnis and Leo Doolin, were the boys in the cast of "A Hallowe'en Frolic."

How Glasses Preserve One's Youthful Appearance

It is often urged that glasses will make the wearer look old, but, as a matter of fact, wearing glasses is one of the best preservers of a youthful appearance.

This is because prolonged eyestrain causes wrinkles and "crows'-feet" to appear prematurely and give the countenance a strained, tired, drawn, cross look, which is far more to be avoided from a point of view of appearance, than from anw real or fancied disfigurement caused by glasses.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr.Edwards'OliveTablets are known by their olive color. 15c and 30c.

Consider Your Health

Your health is your chief business asset.

Look after it.

You look after your credit, your bank standing, your accounts.

Your health is more important than any or all of these.

Look after it.

A man in poor health can't accomplish very much.

It is a task for him to live long enough from day to day.

He doesn't feel like starting anything new.

He has to meet people, reasonable and unreasonable, and listen to their complaints, to their talk, to their opinions on this or that topic.

All this has its effect on the nervous system.

You need play now and then.

Getting into the open air is a great thing.

Make a point to do this two or three times a week.

An automobile ride into the country now and then will work wonders.

If you can't do any better, take a walk to Nichols park.

Make it a stroll, not a race against time.

Get interested in the children at play, in the squirrels, in anything that is going on around you.

The point is to throw off business worries, if only for a fe wmoments.

Go to a picture show now and then.

In following the action you are compelled to forget your own problems for the time being.

Don't wait too long.

Take time to play.

Look after your health—and

MISS AIDA LANGLEY NEW HEAD OF NURSES

Assumes Duties at Passavant Hospital—Dr. Rowell Visits Hospitals

Miss Aida Langley, registered nurses at Passavant hospital, hos urses at Passavat hospital, has taken up duties there. She comes to Jacksonville with considerable professional training and experience in miltary, naval and institutional work. She is an Illinois woman. She takes the place of Miss S. B. Hoskins, who resigned to accept a position in Hastings, Neb.

Dr. C. L. Rowell of Chicago, inspector for the United States Veterans' bureau, visited the Jacksonville State Hospital, Oak Lawn sanatorium and Passavant hospital Monday. He states that inspection of Passavant was unnecessary in view of the rating given the hospital by the American College of Surgeons.

Mrs. Alma Chapman of Literberry entered the hospital as a patient Tuesday morning.

WILL NOT KNOW RESULTS FOR MONTHS

DES MOINES, Ia.—Results of the observations of astronomers at the eclipse of the sun last month will not be known for months, and perhaps not definitely for a year, declared Dean D. ...orehouse, physicist and astronomer of Drake University.

"It will be necessary to reduce the plates and to measure them very carefully," says Dean Morehouse. "Men were sent down to Australia, where the eclipse was visible, a year beforehand to take photographs of the heavens and measure the positions of the stars. It required a year to prepare for the eclipse; it will take as long a time to measure its results.

"The position of stars in the sun's gravitational field, photographed during the three minutes of the eclipse, will determine or disprove the Einstein theory. Measurements are naturally so minute that the gravest precautions and the most precise care must be taken by scientists before any decision is announced."

PHILIPPINES EXPORTS 230,000 TONS OF SUGAR

Manila, P. I.—Approximately 230,000 tons of all grades of sugar were exported from the Philippine Islands between November 1, 1921, and June 10, 1922, according to official figures just made public, of this amount the United States took 170,000 tons the remainder going to China and Papan. The centrifugal sugar (96 degree) was all shipped to the United States, with the exception of 3,000 tons which went to China. The muscovado sugar, amounting to some 60,000 tons, was all shipped to China and Japan. The total value of this exported sugar approximately $15,750,000.

LEVIN ADDRESSED LOCAL AUDIENCE

Independent Legislative aCndidate Made Argument Against Ku Klux Klan.

Isidore Levin, independent candidate for member of the legislature, made an address at the court house Tuesday. The circuit court room was filled and Mr. Levin during his address of more than two hours in length was frequently applauded.

The earlier part of the address Mr. Levin devoted largely to consideration of Gov. Small's administration, charging extravagance and various irregularities. Then the candidate turned to a discussion of the Ku Klux Klan, attacking the organization as un-American and tending to build up prejudice.

Mr. Levin especially assailed the methods of the organization in attempting to take the law into its own hands in sertain instances administering punishment for alleged wrong doing. Various documents were presented in support of his argument.

The names of a number of Springfield members of the organization were named, and the initials of others. The candidate charged that in Sangamon county the Small machine includes a number of Ku Klux Klan members.

A crowd of Illinois college boys disturbed the speaker during the earlier part of the meeting, sometimes with hisses and at others with applause. The greater part of Mr. Levin's audience seemed in sympathy with his pronouncements.

GAS CONSUMPTION IN AMERICA INCREASES

NEW YORK,—By the A. P.—Sales of manufactured gas in 1921 set a new high record, a total of 326,000,000,000 cubic feet being consumed, according to the annual survey of the gas industry of the United States just completed by the American Gas association.

This is an increase of 7,000,000,000 cubic feet over 1920 and 20,000,000,000 cubic feet over 1919. An analysis of the gas consumption statistics discloses hat the per capita increase for the 10 year period, 1901 to 1911 was 30 per cent, while for the period from 1911 to 1921 it was 80 per cent showing that the American people during the last ten years consumed nearly three times as much gas per capita as they did during the receding decade.

Increased use of gas for industrial purposes and for domestic purposes other than illumination in homes is responsible for the rapid growth of the industry. The survey shows that 21.62 per cent of the gas used in the country last year was for industrial purposes, about 1,200 different uses being recorded.

The use of gas for lighting is growing less every year only 18.50 per cent being used for illumination last year, while 56.71 per cent was used for cooking, heating water, heating rooms and other domestic purposes, and 3.17 per cent was consumed for uses not classified.

Gas companies of the country have 9,291,000 customers, which means that approximately 46,-70,000 persons are served by the gas industry. Gas is being used in 7,040,000 cooking appliances, 1,573,000 water heater, 1,268,000 room heaters. The gas companies serve their customers thru 69,500 miles of mains, not counting the thousands of miles of smaller service pipes which lead from the mains to the homes or factories of consumers.

GERMAN EXPORTS STILL FAR BELOW NORMAL

BERLIN, Oct. 28.—(By the A. P.)—"Made in Germany" has regained only about a third of the popularity it enjoyed in foreign markets before the war, according to trade estimates on the amount of exports during the first quarter of this year.

The first three months of 1922 recorded outgoing products amounting to approximately 53,-200,000 double centners about 6,-525,616 tons) and valued at some 50,300,000 marks. These figures do not include coal delivered on the reparations account. It is noted that if coal were left entirely out of consideration both for 1913 and 1922, the amount of Germany's exports for the first quarter would be 46 per cent instead of 32 per cent as much as was shipped out during the same period in the last prewar year.

Holland proved the best Continental customer, buying some 17.2 per cent of the total exported. Other European nations bought as follows: The Scandinavian countries, 11.6 per cent; England, 7.7 per cent; Switzerland, 4.7 per cent, Italy, 3.9 per cent; Spain, 2.4 per cent; Czechoslovakia, Jugoslavia, Hungary, and the Balkans, 13 per cent. Statistics are not available on the exjort to non-European markets, individually as to nationalities.

The chief articles sent abroad were chemicals, electrical products, textiles, wares in iron and other metals, leather goods, trinkets, musical instruments, toy, wood, and wine.

German textiles are said to have suffered particularly because of transitions wrought by the war. It is claimed here that between 1914 and 1918 England and France transformed their textile production and began imitating German patterns and processes. In other European lands entirely new textile industries were developed in which, it is asserted, efforts were confined to copying Germany's quality productions.

Spain, which was one of the Fatherland's best customers in this line before the war, has established a textile industry which already is providing noteworthy competition not only in Spain and Portugal but in the Latin-American countries as well.

In the last trade year Germany has sent out silk goods amounting to 2,359,175 kilograms (about 2,511 tons) which marks a decline of 50 per cent of 1913. At the same time her silk imports have dropped to three twenty-fifths of what they were before the war. The amount of raw silks brought in decreased from 7,834,500 kilograms in 1913 to 3,347,700 last year, while the silk goods imported, exclusive of such as were produced in Alsace-Lorraine, fell from 933000 kilograms to 124,283.

LAND RECLAMATION RIVERS SUCCESSFUL

Rome — Pursuing a policy of land reclamation the government working with private associations has brought under cultivation 500,000 acres of land which otherwise would be virtually worthless.

In the Ferrara and Modena districts a drainage basin cover-over 200,000 acres has been completed and 150,000 miles of ditches have been built. This work has cost already 30,000,000 lire, and further drainage and irrigation projects will cost as much again.

In the Polesine-San Giorgio district 125,000 acres of swampy malarious land has been converted into some of the most fertile grain fields of Italy.

SPECIMEN OF PREHISTORIC ELEPHANT IS FOUND

Marlin, Texas—A gigantic specimen of a prehistoric elephant has been found in a gravel pit on the outskirts of Marlin, declared, on account of its size and other peculiarities, to be of a "new" species.

The specimen was given the Agricultural and Mechanical College of Texas at College Station, which was forwarded to Dr. Oliver P. Hay of Washington, D. C., noted scientist.

Elephas Francisi, declared to be a new species, or the mitered elephant, is the appellation given the specimen by Dr. Hay. The skull and tusk, said to be "injured' are now at College Station, preserved for study. Several other specimens have been found in the secton, principally thru evacuations for gravel.

Dr. Hay diagnoses the specimen as having monstrous teeth a tusks, and, classifies the formati in which the local specimen w found as "Pleistocene, probal Afonian." He adds that eleph Francisi seems to differ from e phas Imperator in the great backward inclination of the oc put, in the bilobed form of th and in the greater prominen The sheath of the tusks of E phas Francisi is probably long and appears to make a great ang with the forehead.

RADIOPHONE TRIED IN JAPAN

Tokio—The first radiophone trial in Japan has been held before the representatives of the Tokio press. One company has been granted permission by the government to carry on this work in the same way as the radio stations in the United States and a regular program of broadcasting news, weather reports, stock exchange prices and music has been started. The Department of Communications has relaxed its former censorship.

A local company represents several American radio companies and small factories are engaged in making sending and receiving sets. Osaka will be the next city to establish a station, and by January 1, it is hoped to have twelve sets installed in the larger cities of the empire.

FIND BRISK DEMAND FOR SALMON

Yokohama—The Japanese salmon canners of Kamchatka, who report a 30 percent increase in their catch this year, are finding a brisk demand in Europe whence they are shipping direct from their canneries. Early in August 180,000 cases, were shipped from Kamchatka to London, the consignors being the Japan-Russia and the Hoklyo Fishery companies. Salmon packed this year by the two companies is estimated at 360,000 and 120,000 cases, respectively.

HALLOWE'EN PARTY AT WINCHESTER HALL

Odd Fellows and Their Families Enjoy Masquerade Party Tuesday Evening — High School Dedication Program — Other Winchester News

Winchester, Oct. 31.—The Odd Fellows and members of their families enjoyed a Hallowe'en party at their hall Tuesday evening. It was a masquerade affair and the costumes were many of them exceedingly clever in make up. A large number attended in spite of the rainy weather, and a number of hours were enjoyed dancing. Light refreshments were served during the evening.

Party at Henson Home

Paul Henson entertained a number of school friends Tuesday evening at the home of his parents, Mr. and Mrs. Wesley Henson. The young people had planned to have a weiner roast, but the plans were changed on account of the unfavorable weather conditions. Several hours were very pleasantly spent with games and contests and dainty refreshments were served.

High School Dedication

The dedication of the new community high school will take place Friday, Nov. 3. State Superintendent of Public Instruction Francis G. Blair will deliver the dedicatory address, and a program of interesting events is being arranged for both Friday and Saturday. Cafeteria lunch will be served by the household science department of the Woman's club Friday and a chicken dinner on Saturday evening.

The following will be the program for the two days:

Friday.

10 a. m. Open house, inspection of building.

12:00 noon. Lunch served by Women's club.

2:00 to 4:50. Exercises by country and grade schools.

5:00 p. m. Lunch served by Woman's club.

7:00 to 7:30 Music by orchestra in auditorium.

7:30 to 8:00 p. m. Musical program. Clarinet solo, Ivan Hawk; vocal solo, Mrs. Andell; pian so Mrs. J. W. Eckman; vocal duet, Mr. and Mrs. S. G. Smith.

9:00 p. m. Address by State Superintendent Francis G. Blair.

Saturday.

2:00 to 4:30 p. m. Athletic and physical training exercises in the gymnasium.

5:00 to 7:30 p. m. Chicken supper served by Woman's club.

A dance will be given on both Friday and Saturday evening in the school gymnasium, the proceeds of which will be used to purchase equipment for the auditorium.

The following ladies are to serve as patronnesses for the dances: Mrs. J. C. Grout, Mrs. Martha Bowman, Mrs. Fred Allan, Mrs. G. Mueller, Mrs. W. H. Kinivon, Mrs. Fred Bennington, Mrs. W L. Bagshaw, Mrs. J. W. Eckman, Mrs. David Hainsfurther, Mrs. Albert Hainsfurther, Mrs. S. G. Smith, Mrs. Wm. Evans, Mrs. David Gibbs, Miss Bertha Miner; Miss Maude Gilham, Miss Vera Wardner and Miss Olga Hieronymus.

News Notes

THOUSANDS WITNESS HALLOWE'EN PARADE

Came as Climax to Automobile Day—List of Winners In Automobile Contests Given.

Thousands thronged the downtown streets of Jacksonville Tuesday evening for the Hallowe'en celebration which was the climax of Automobile Day. Ghosts and clowns of every conceivable make-up and of every gay color whether of the spectroscope or not, mingled with the crowd on their way to and from the parade, in Mardi Gras carelessness strolling about the square, or eager bent upon attendance at some of the many Hallowe'en dances and parties given all over the city.

A parade stretching the entire distance about the square was a sight of gaudy gayety worth seeing. Many people did not arrive in time to see it, as the costumed revelers grew impatient before the hour announced for the parade and judging. But Andy Gump and the Keystone police and the pasty-faced clowns lingered about for some time, and there were bewildering blots of color over the entire downtown districts. Few of the paraders stayed to try their luck at the prizes unless they were seized by force from their careless and wayward paths.

Judges for the costumes were Mrs. Lillian Danskin, Mrs. Katherine Hollinger, Mrs. E. L. Hill, Miss Ann Fowler and Miss Cutler. A list of winners was next to impossible, as the maskers were jealous of their incognito and would not give their names. But cards entitling them to proper rewards were given without identification or any of the usual banking procedures.

The window display contest yielded three prizes as follows: First, Brown Music company; $5 in gold, given by the Chamber of Comerce; Second, Shanken's, a 10 pound pail of transmission lubricant, donated by L. F. O'Donnell; Third, T. M. Tomlinson, a bag of flour from the Piggly Wiggly Co. Honorable mention was given to the Scott Theatre, and to the Book and Novelty Shop. The judges for this contest were L. F. O'Donnell, William McNamara and Rudolph W. Blucke, who also judged the afternoon contests.

Automobile Contests

Hundreds of people crowded the north side of the square during the afternoon and the judges were kept busy awarding prizes to the people coming in automobiles. Much interest was manifested in the contest of the autos making the slowest race around the square two times in high speed. Two races were held and in the first event Jacob Strawn, Jr. driving a Stanley Steamer, 1910 model, won first prize making the drive around the square twice in twenty minutes. Rolicn Travis, drivng a Cadillac won second with thirteen minutes as the time. In the other race, open only to gasoline cars, Travis took the only prize, the other cars competing being disqualified because of killing the engine during the race.

Old cars were also a feature, with a 1904 Cadillac "one lunger" taking honors among six contestants, the "youngest" being of the 1911 vintage.

The other prizes were awarded as follows:

Tallest Man driving an automobile: 1st., H. H. Schumaker, Chapin; 2nd., Walter McCormick, 269 Finley street.

FORMER FRANKLIN MAN UNDER ARREST

William Baker, former Franklin resident, was arrested at Georgetown, Kentucky, when, according to messages reecived by the police and sheriff's offices here, he attempted to secure $50 by signing a Murrayville man's name to a wire asking that sum from a Jacksonville business associate. Caution before wiring the sum intereferred with the game and caused the arrest of Baker.

Baker was on parole from the Chester penitentiary, whence he was transferred after being sent from Jacksonville to the Pontiac reformatory. He will be returned on charge of violating his parole.

New Superintendent of Jacksonville Schools.

B. F. Shafer

B. F. SHAFER NOW HEADS LOCAL SCHOOLS

Principal of Jacksonville High School Chosen by Board of Education to Fill the Vacancy Caused by Resignation of Mr. Perrin.

At a called meeting of the board of education held at four o'clock Tuesday afternoon B. F. Shafer, principal of the local high school, was appointed to fill the unexpired term of H. A. Perrin as superintendent of the Jacksonville schools.

The action of the board came after report made by the teachers committee appointed following Mr. Perrin's resignation a week or two since.

The report of the committee indicated that about thirty applications for the superintendency had been considered. After going over the ground thoroly the committee felt convinced that Mr. Shafer's qualifications are equal to those of any other applicant. The suggestion of the committee met with unanimous approval. The board took into account the fact that during a period of years Mr. Shafer has been fitting himself for school administration work and it has all along been his expectation to at some time enter that branch of public school service.

Mr. Schafer came to the Jacksonville high school in 1920, and is thus entering upon his third term of work here. Immediately prior to his Jacksonville appointment he was engaged in educational work at the cantonment at Rockford. He had been in the Rockford high school and during the war time became associated with the special bureau for development of courses in citizenship to supplement vocational work at the cantonment.

The board yesterday took no action in regard to filling the position of Mr. Shafer as principal of the high school, and for the present he will fill both positions.

Mr. Shafer started in public school work eleven years ago, his first position being in a small town in southern Indiana. Since that time he has each year engaged in study during the summer months and in teaching during the winter.

As indicated Mr. Shafer has has been a student of school administration and the problems connected with the work thruout his entire public school experience and has succeeded so well in his chosen profession that he has gone from the smaller schools into those of much larger size. He is not without experience with grade school work, as for two years he was superintendent of a consolidated township school in northern Indiana.

He holds bachelor of science and bachelor of arts degrees from Valparaiso university and has now completed all the required work for the master of arts degree in the School of Education at the University of Chicago. Since 1916 Mr. Shafer has spent each summer in study at the latter university.

ALTON'S NEW CARD EFFECTIVE SOON

Nearly All Trains Taken Off at Time of Coal Shortage Will Be Restored.

Definite announceuent has been made that the Chicago & Alton will have a new card effective Sunday, Nov. 12. Approximately 700 train miles are restored to the passenger service by the changes made.

Chief interest here attaches to the fact that Trains Nos. 70 and 71 between Bloomington and Roodhouse will be restored, No. 70, the north bound train, will leave Roodhouse at 6:30 p. m., reaching Jacksonville about 7:10, and Bloomington at 10:20. The Chicago time will be 1:30 p. m.

No. 71 will leave Chicago at approximately 4:15 and arrive in Jacksonville at about 7:35. Train No. 9, the Hummer out of Chicago will leave that city at 6 o'clock old time instead of at 4:15 and Pontiac and Chenoa will be the only stops between Chicago and Bloomington.

Trains 70 and 75 between Chicago and Bloomington are to be restored and the same thing is true of 14 and 15 between Roodhouse and St. Louis. The service between Springfield and Peoria will also be augmented.

The new card will be vastly appreciated by the Alton patrons, as in many instances the restored service has been a cause of great inconvenience

GREAT ORCHESTRA COMING TO GRAND OPERA HOUSE

The music lovers of this city are anticipating a rich treat in the coming visit of the Cincinnati Symphony Orchestra which appears here Thursday afternoon and evening at the Grand. A symphony concert is the highest form of musical expression and the thousands of music loving people here will be glad of this opportunity of hearing this orchestra under its brilliant young leader, Fritz Reiner. There is nothing greater in the musical world than a symphony orchestra whose members to a man, greatly admire the genius of the conductor and consequently give him their best efforts. His own profound musicanship is an inspiration to his men as well as to his audience and as a result the concerts of this orchestra are unique in their artistic excellence and impressiveness.

A FEW QUESTIONS.

To the Editor of the Journal:

What earthly reason has the Anti-Saloon League to think that John A. Wheeler as an independent can be elected to the state senate next Tuesday? Did he not have a fair chance last April and did he not lose the nomination? If his candidacy draws enough votes away from Earl B. Searcy, the regular Republican nominee, will not the Democrat, L. E. Stone be elected? Is L. E. Stone a real friend of the Anti-Saloon League? Is it true—as I was told today—that he is the attorney for the defense in twelve boot-legging cases, now pending in the U. S. court? If John A. Wheeler is such a close friend of Gov. Small, does not Wheeler's candidacy look as though the Small administration were doing everything possible to defeat Searcy? Is not a vote for Wheeler a vote thrown away? Is not Gov. Small this very hour discredited with ten thousands of Republicans by reason of brazen political appointments and bare-faced spoilsmanship? Some of us are subscribers to the Anti-Saloon League and probably always will be. But can the league blame us if we are just now more concerned to see a clean, fearless man like Earl B. Searcy landed in the senate than to join Gov. Small in making a cat's paw of the league here in Morgan county for his own political ends? I may be mistaken in my judgment but certainly to me the candidacy of John A. Wheeler seems utterly uncalled for. Yours,

Thomas W. Smith.

OLD JACKSONVILLE

THE UNDERGROUND RAILROAD

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Several parties have asked about the underground Railroad. The writer does not profess to know all about that wonderful tramway, but has looked up some points. That is as to the Jacksonville station, officers and operatives. The officers were mostly

Elected By Themselves,

and the operations also were volunteers, and truly in a noble army. They did not ask any bounty; and, if they thought of any reward they must have expected it

'Beyond the smiling and the weeping"

A youngish fellow named

S. W. Nichols

wrote up the subject above given for the Journal about the time Mr. Eames wrote "Historic Morgan and Classic Jacksonville," in 1885.

Space will be considered, so this paper will not be so complete as it might well be.

The Track Was Laid

into and out of this place about the year 1838 or 39, the brace of recorders above referred to quoted Mr. William Chauncey Carter as giving as a date of systematic "service." Mr. Carter credited Mr. Elihu Wolcott—his father-in-law — as being, "the head and front of the enterprise, bestowing his money and energies on the cause with a devotion that never wavered and a courage that never faltered."

Mr. Wolcott was the father of Mrs. (Rev.) William Kirby; and grandfather of E. P. and William A. Kirby and the others of the name here. Elizur Wolcott was Elihu's son. Elihu lived at the southwest corner of the Square west of Sandy and south of Morgan streets.

Prominent operatives were T. W. Melendy, Ebenezer Carter, Benjamin Henderson, (colored); D. B. Ayeers, Dr. M. M. L. Rice, Samuel Willard, his father and others came in later.

Chauncey Carter

said his father's house "was long a stopping place on the route." That home was about two miles south of Jacksonville, just west of the Woodson road—Section 32-15 north, 10 west—Ebenezer Carter was W. C's father, and they came here from Connecticut, about 1834.

Eames gives photographs of J. O. King, John Mathers, T. D. Eames, J. A. Willard, Prof. J. B. Turner, E. Carter, E. Wolcott, Henry Irving, B. Henderson, Samuel Willard, Isaac Snedeker, T. W. Melendy, D. B. Ayers, A. Foreman, Dr. Reed and Senator Richard Yates as "Anti-Slavery Pioneers." These were U. G. Railroad potentates. Except Mr. Yates, who was Anti-Slavery to the backbone, but too young to be active with the rest named here. He was a great political leader for Freedom.

Mr. Snedeker lived near Jerseyville. Perhaps he was named a station-master south of here.

Carter also mentioned Gen. Charles E. Lippincott at Illinois College, being graduated in 1848. He was one of the bravest boys or men who ever trod the prairies of Illinois or stormed the breastworks of Vicksburg. His father, Rev. Thomas Lippincott, was one of those most active in '24 in preventing Illinois being made a slave state. Mr. J. P. Lippincott was another son.

Mrs. W. C. Verry

born a Massey, kept open house for fugitives, just west of Ebezer Carter's .

Dr. Azel Pierson,

at the present Pitner place was another pronounced helper of the oppressed and pursued.

Ben Henderson, a conductor on the road—night express—said: "Henry Irving was always ready to go on the road or entertain parties, and Rev. Mr. Kirby often proved himself a friend in need." Old Ben also said: "Sometimes I made two trips a week, carrying all the way from one to sixteen."

At another time the writer may be able to quote some of the stories of those who helped slaves from the South to Canada. By the way, it was quite a trip thru here, from Missouri or Kentucky to a safe place to cross into the British dominions.

The End of the World Is Not the End of Time

"Millions now living will never die"

There is special significance in the troublous days through which the world has passed since 1914.

Out of these events will come greater developments, involving all nations and peoples.

The Bible accurately foretold present conditions.

Its prophecies regarding the future will be fulfilled with equal exactness.

The outstanding hope held forth in the Scriptures is the hope of eternal life, and the realization of this hope is now at hand.

It will be accompanied by all that the heart has longed for—health, peace, and happiness. God's purpose in giving man a revelation of His Plan was that mankind should use it, understand it, and appreciate the principles it sets forth.

An understanding of the Bible broadens one's view and inspires cheerfulness and optimism. Prophets of old have described with glowing tongue the glories of the bright day that is now dawning.

VIEWPOINT OF ROODHOUSE GIVEN

The following article relative to the I. S. D.-Roodhouse high school game was sent to the Journal by W. A. Jolly, one of the publishers of the Roodhouse Record, with the request that it be published.

Roodhouse, Ill., Oct. 30.—Editor Jacksonville Journal—While the writer is fully aware of the tendency of a defeated team to create an "alibi" for the benefit of the folks back home, it seems to him that this was a little overdone in the writeup appearing in the Journal Sunday morning, concerning the I. S. D. game at Roodhouse Saturday. Undoubtedly it created a wrong impression in many quarters where the Journal is read, which we people of Roodhouse resent.

Let it be said primarily, that we would not detract in the least from any credit due the I. S. D. for its splendid work on thegridiron here. We saw and appreciated their excellent fighting qualities. But why make it appear that any other reason was responsible for their defeat than that they simply got up against a better team?

Your informant claims that there were many penalties, and practically of of them fell on the Jacksonville men. Those who saw the I. S. D. play here do not believe for one moment but what the visitors are fully conversant with every rule and detail of the game, and yet their continual and flagrant violation of the "offside" rule finally reached a point where the referee felt obliged to halt the game and insist that they be given to understand in some way,that this rule must be observed. This complaint, under the facts, is indeed small town stuff, and put out with the sole idea of discounting our victory.

We are accused of rough tactics. Football was never considered a parlor game and Roodhouse certainly had no monopoly in this respect. The I. S. D. is a heavier, physically stronger team than Roodhouse, and our boys are not used to such roughness. However, they accepted it as part of the game. Coach Burns may not know it, but take the tip that I. S. D. players are quite competent to protect themselves in a scrimmage, and do just a little more damage than they receive. One thing is certain, our boys took on a lot of hard unnecessary punishment, realizing that in many instances the I. S. D. tacklers were not to be blamed for continuing to ram a fellow's head in the soil after the referee's whistle, and often had to be pulled off.

Your informant causes you to present the play leading up to Roodhouse's second touchdown in such a way that any reader accepting the statement as fact could only infer that Roodhouse had been given an unfair advantage by the referee's decision in the matter, and of course, naturally, again discredit our victory. In that play, Massinkoff knows, and it is the belief of the writer he will admit it freely if questioned, that in violation of rules he deliberately blocked the Roodhouse end who was about to catch a forward pass, realizing in a flash that if he did not do so it meant another touchdown for Roodhouse on that completed play, and preferring to take the penalty for illegal blocking which he knew would be imposed, rather than let his opponent earn a touchdown on the play.

These complaints and insinuations about penalties and rough stuff and spectators are far fetched and have no meaning only as an effort to becloud the result. We would have thought I. S. D. had rather taken her defeat gracefully, giving credit to a foe worthy and who certainly earned a victory in the full sense of that word.

So far as the conduct of the spectators is concerned, briefly spoken of in the Journal article, had the visiting players been out on the sidelines and witnessed the carryings-on of some of their own "rooters," they they would not have permitted a word of criticism of Roodhouse to appear in print.

YALE INVITES IOWA TO PLAY NEXT YEAR

NEW HAVEN, Conn., Oct. 31.—Definite announcement that Yale has invited Iowa to play at the Yale Bowl next season was made here tonight. An answer from Iowa is expected soon.

This invitation indicates clearly that intersectional games are not barred by the so-called triangular agreement made by Yale, Harvard and Princeton.

The invitation to Iowa was sent out by the Yale Athletic association last Saturday and an answer is expected within a day or two. No definite date for a game was set but Yale is anxious to have the game about the same time as this year.

Professor Clarence W. Mendell, chairman of the Yale board of athletic control said tonight:

"We are anxious to meet Iowa next year and are hoping that they will be able to accept the invitation. There have been reports that the western conference has barred intersectional games, but inasmuch as we haven't received any confirmation of this, we are inviting Iowa to play us here again."

No Statement from Iowa

Iowa City, Iowa, Oct. 31.—Athletic Director Howard Jones of Iowa University said tonight he had not received a formal invitation from Yale inviting Iowa to play at New Haven next fall.

Upon being asked as to what attitude the Hawkeye institution would take in regard to the invitation which is said to be forthcoming Coach Jones was not willing to commit himself or his institution to any action due to the resolution passed last year in the western conference suggesting the abandonment of intersectional games.

Mrs J. R. Harrison of Hopkinsville, Kansas is visiting at the home of D. M. Foster, northeast of the city.

ILLINOIS RAISES FOOTBALL MEN TOO

State Produces Other Things Besides Corn—Will all Show in Game on Dad's Day Saturday.

URBANA, Ill., Oct. 31.—When Bob Zuppke's orange-jerseyed athletes run out on Illinois field Saturday, the plaudits of the Dads'-Rotary day throng, it will figure up something like this:

Illinois, 23.
Outside the state, 7.

That's taking into account the best thirty players—the men Zuppke thot good enough to take to Ann Arbor for the Michigan game. The predominant of native Illini is in keeping with the historical tradition which relates that every mother's son of the Orange and Blue regulars who won the conference championship in 1914 and tied in 1915, were sons of Illinois soil.

But the outlanders forge to the front when you consider the eleven men who will probably be selected to repel the re-juvenated purple. Four are likely to be men from other states.

Capt. David D. Wilson's parents have been living in Winfield, Kan. Now they have migrated to Los Angeles. Clifford Happenny, sophomore halfback, is from Revere, Mass. Leonard Umnus, a stocky guard, hails from Menominee, Wis. F. E. Rokusek, end, came from Omaha, Neb.

The seven young Illini who will play side by side with this quartet will include Bill Augur of Chicago, and "Bunny" Oakes of Maywood, tackles.

J. W. McMillen, big 200 pound guard, hails from little Gray Lake, Ill! Vivian Greene, 184-pound center, who is not as ladylike as his name as Johnny Heldt, the Iowa center man will testify, moved with his family from Albion, Ill., to Urbana.

"Rune" Clark, whose right name is Robert, is from Carthage. If he isn't able to pilot the Illini against the Purple the duty will devolve upon George Dawson who learned his football in Wheaton.

Highland Park claims Bill McIlwain, a halfback, who is likely to be famous before he leaves the gridiron, and Chris Woodward, successor to big Jack Crangle at fullback, is a product of Ottawa high school.

That accounts for eleven Illini. Now check up the reserves.

A. C. Baur and S. M. Meyer, guards, are the only ones who give Chicago as their homes. Several come from Chicago suburbs or nearby Cook county schools. There include T. E. Royal, halfback, Oak Park; E. J. Richards, end, Glencoe; S. A. Coutchie, quarterback, Harvey "Dutch" Durant, quarterback, Wheaton; R. B. Wagner, tackle, Glen Ellyn; D. Follett, tackle, Maywood.

But Robinson, cracking good back that he is, learned his football at Carlinville and H. B. McKelvey, guard, is a Moline product. J. E. Yate, fullback, came from Taylorville and E. Schultz, another fullback, from Geneseo. L. P. Agnew, a promising tackle, is another addition to the long list of Illinois athletes from Rockford.

Three of the reserves are men from other states—T. Stoik, halfback, Clinton, Iowa; W. H. Perrill, end, Bloomingsburg, Ohio; and G. Roberts, center, Oskaloosa, Iowa.

Don't think that this is all the football timber at Illinois. Before another week some players, unhonored and unsung may displace one of these men. That's the way with football.

The young Illini are likely to have a splendid gallery next Saturday. Upwards of 3,000 "dads" are expected at the university, not to speak of 800 to 1,000 state Rotarians and countless lovers of football. While there will be a big turnout, it is certain that seats will be available for everyone and this will be encouraging to many rooters who were to get tickets for the recent homecoming game.

WILL GIVE BOX SOCIAL

The married women and young girls over fifteen will give a box social at the South Jacksonville school Friday evening at 7:30 sharp The boxes will be auctioned off by Amos Coker and the proceeds will go towards the fund for the children's library at the school. HERBS USED IN MEDICINE

A Manchester, England, paper urges the renewed cultivation of old-fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, altho they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of Medicinal herbs are used annually in the preparation of Lydia E. Pikham's Vegetable Compound, a most successful medicine for woman's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it. —Adv.

Notes from the Big Ten Camps

Illinois.

Champaign, Ill., Oct. 31.—George Dawson will pilot the University of Illinois football team against Northwestern Saturday Coach Zuppke announced tonight after trying Robinson and Stoik to take the place of Rune Clark, who will be out of the game as the result of injuries. Happeny and McIlwain will play the halves with Stoik and Robinson substitutes. Samuel Hill plunged in scrimmage tonight. No big hopes are pouring from the Illinois camp as Illinois fears the Purple.

Michigan.

Ann Arbor, Mich., Oct. 31.—Another scrimmage with the freshmen and drills designed to bring to light any linemen of ability who might be needed in the Saturday tilt with the Michigan Aggies or the contest next week with Wisconsin, kept the Wolverines gridders busy today. The coaches are expecting no easy victory over the Aggies and special training is being giving out for their plan of attack. This includes a defense for the regular Penn State shift, employed by Coach Barron.

Harry Kipke worked out with the squad today.

Wisconsin.

Madison, Wis., Oct. 31.—The University of Wisconsin 'varsity put in another long session with the freshmen team today. The regular back field was out of line-up while the reserves went into scrimmage. Freshmen again tore up the 'varsity line, which looks like as if it might be vulnerable before Minnesota Saturday.

Minnesota.

Minneapolis, Minn., Oct. 31.—Abrahamson and Cox, Gopher linesmen who were injured in the Minnesota-Northwestern game October 21. Were out for practice with the rest of the University of Minnesota football tonight for the first time in more than a week. Scrubs and freshmen were pitted against the 'varsity in today's lively scrimmage, the first real workout in preparation for Wisconsin next Saturday. Every seat for the Wisconsin game has been sold.

Northwestern.

CHICAGO, Oct. 31.—The Northwestern football squad was divided into two elevents which scrimmaged two freshmen teams this afternoon, the freshmen using the plays of the University of Illinois, Northwestern's next opponent. Coach Thistlethwaite called for much forward passing and made numerous substitutions in both elevens during practice. Putman, a guard, suffered a sprained hand but it will not keep him out of Saturday's game.

SETS COAST TO COAST MOTORCYCLE RECORD

New York, ct. 31—A new motorcycle record for a trans-continental run from Los Angeles to New York was established today when Wells Bancroft of Portland, Oregon, holder of several speed marks, reached his destination in the actual running time of six days, 15 hours and 13 minutes. His time was 7 hours and 39 minutes faster than the record established a month ago by Irwing G. "Cannon Ball" Baker of Los Angeles.

Bennett left Los Angeles last Tuesday at midnight and crossed the finish line at 6:14 p. m. today, according to an official announcement by motorcycle officials.

Market Report

By The Associated Press

MATERIAL DECLINE IN PRICE OF WHEAT

CHICAGO, Oct. 31.—Persistent scattered selling induced by a material decline in prices at Liverpool and by apparent lull in export demand had a bearish effect today on the wheat market here. The close was heavy 7-8c to 1 1-4c net lower, with Dec. $1.13 7-8 to $1.14; and May $1.12 1-8 to $1.12 1-4; corn finished 7-8c to 1c down, oats off 1-4 to 1-2c and provisions varying from 10c decline to 5c advance. With Liverpool wheat quotations finishing as much as 2-5 pence lower in some cases and with an increase of more than 7,000,000 bushels reported on the world's available supply total the buying side of the market seemed to be at a disadvantage for at least the time being. Rains over a good part of the domestic winter crop belt, the southwest in particular counted as a further bearish influence. Besides, primary receipts were in excess of the figures last week and last year.

The seaboard reported that there were a good many foreign bids but that they were too far out of line. Omaha sent word of the sale of 100,000 bushels of hard winter wheat to be shipped by way of the Gulf of Mexico at 1c under Chicago December, f. o. b.

There was also a sale of 50,000 bushels here for export.

Corn and oats were easier in sympathy with wheat.

Arrivals of new corn showed a steady increase.

Sharp breaks in the value of hogs weakened the provision market.

Chicago Livestock Market

KANSAS CITY LIVE STOCK REVIEW

Kansas City Stock Yards, Oct. 31.—Receipts of cattle today were 30,000 and of calves 7,000. The hold over sppply from last week was 16,000 cattle and 4,250 calves, making 46,000 cattle and 11,250 calves in the yards. The general market shows no qoutable change from last week's close. The outstanding feature in the run today was the increased per cent of good to choice Southwest and Panhandle, yearlings, calves and heavy native feeders. Eight dollars was the top for selected kinds and $5.50 to $6.25 took the run of the average quality offerings. Common stockers sold as low as $4 and there is a large supply of low grade steers moving at $4.25 to $4.75. Total receipts of cattle this week will probably reach 80,000, and will be the last week this year when the run will pass the 70,000 mark. The movement is at a point where a rapid decrease will set in. Kansas and Oklahoma pastures are about cleaned up, and the movement out of the Southwest will be ended in the next ten days. There are a good many cattle to come from Colorado, but if shippers get cars they will be in by the middle of November. At the American Royal Live Stock Show, November 18 to 25, large number of choice stock calves, yearlings, and twos will be offered in the car lot division. This will be a chance to get high quality kinds of finishing for show and Christmas beeves.

The hog market continues to decline. The top price today was $8.40 and bulk of offerings sold at $7.85 to $8.20, or $1 lower than a week ago. Pigs and stock hogs are selling at $7.75 to $8.25. The market will probably fall below the 8 cent level before the decline is checked.

Lambs are 50 to 75c lower than a week ago, and sheep are steady. Fat lambs are selling at $13 to $14, ewes $5.25 to $6.75, wethers $6.75 to $8, yearlings $9 to 10.75, and feeding lambs $12 to $13.25.

SHORT INTERESTS FORCE PRICES DOWN

NEW YORK, Oct. 31.—Stock prices moved in a conflicting manner in today's market reflecting in the play of opposing speculative forces but short interests finally obtained the upper hand and agin succeeded in forcing a shading of values, losses of 1 to 2 points being quite common.

Steel shares were inclined to weakness.

Domestic oils weakened in response to a sharp break in Pacific Oil which registered a net decline of 3½ points. Standard Oil of New Jersey fell back 3 points. Total sales were 1,089,000 shares.

Call money opened at five per cent and then advanced to 5½ holding at that figure until the close. Stiffening of the rate was due to the withdrawal from local banks of $13,000,000 in government funds and the calling of loans. Time money was quiet and a fairly good business was done in commercial paper with the best names selling at 4½ per cent.

Covering of speculative commitments and improvements in the Italian political situation resulted in a fairly good recovery in continental exchange rates, the volume of business quite large. Sterling held steady around $4.45 1-4.

Strength of United States government bonds which advanced four to 22 cents on $100 was the outstanding developments in today's irregular bond market.

The new government 4 1-4 per cent bonds which sold last week as low as $98.80 were quoted $1 above that figure today, the net change showing a gain of six cents on the day. Liberty 3½s advance 10c and the first 4-4s 22 cents.

Total bond sales (par value) were $13,006,000.

ECONOMY in REPAIRS

You pay more when you shop around for small repairs.

Why?

Its just like when you go to a competent physician. He has to first make a complete examination of all your working parts to get a thorough knowledge of the general condition.

You must help us even out our peak load.

Why?

If we carry force enough to give every customer prompt service for two hours during the 24 you have to pay for the extra idle time.

Try to concentrate all your work and give as much range of time possible for each job.

We are trying to solve the problem of economical repairs.

Are you with us on this?

We need your help and co-operation.

IF you have a wall to repair; if you want to make a pleasant room in your attic; if you need new partitions or bins; or your wife needs a clothes hamper or a sewing table—you'll be surprised how quickly, easily and economically you can do these jobs if you use

Cornell Wood Board

Cornell-Board is all wood—an important fact to remember. It is tough wood fibre, *triple-sized* to resist moisture, heat and cold; and it's *mill-primed*, ready for paint, or the attractive *oatmeal-finish* looks right just as it is. We recommend Cornell because we know it's made to give satisfaction.

"165 Uses for Cornell-Wood-Board" is a booklet telling how you can make many useful things for the home. You can have it for the asking. Phone, write or call for it.
